The Ranrouët castle

An unusual site

The calm present would almost make us forget the hustle and bustle of the past : the Ranrouët castle was one of the most modern strongholds of its time and one of the essential witnesses of the history of Brittany.

Fine evolution of defensive architecture

Protected by a defensive system that has evolved since the 12th century in the face of military innovations, the castle of Ranrouët is also a seigneurial residence.

An enchanting site

Situated in the Briere's marshland, the Château de Ranrouët looms up majestically and mysteriously amidst captivating greenery. Lined by hundred-year-old oak trees, this open-air fortress shares with you its natural beauty near the water's Briere marshes. Visitor notebook available in your own language (french, english, dutch, deutsch).
